SUBJECT No. 42.

Pay of ameens and process servers.

Mr. S. Sitaramaiya, Shimoga Municipality.

Summary of discussion.—Several irregularities causing much inconvenience to parties now occur in the execution of process owing to the ignorance and misconduct of process servers and ameens. Distraint and sale of both movable and immovable properties are entrusted to them as a part of their duty. In the interests of justice and of the litigant public it is desirable to raise the status of ameens and process servers by raising their pay from Rs. 15 to 25 and from Rs. 10 to 15, respectively, and thus attract a better class of educated men with a good training in the rules of practice necessary for their guidance.

Reply of Government.—Will be referred to the Chief Court.

Police and Taluk Rev. Establishments may be quite necessary. But it should not be forgotten that 'process fees' set realised from parties to suits for the express purpose of serving process are not an item of general revenue for Government, and that there is a moral obligation (if not a much stronger one) on our part to make the work as efficient as possible for the money. If the Chief Court can convince us that there is room for improvement within the limits of Excess Revenue, we are bound to give the proposals a favourable consideration.

35) There are four arguments in favour of the increase asked for:

(1) These men have to do arduous work and their pay is not commensurate with it considering the rise in the cost of living

(2) A rise of pay will place the men above temptation to a certain extent

(3) A more desirable class of men will be available for the work

(4) The receipts from process fees is considerably in excess of expenditure on process establt. and there is moral (& perhaps legal) obligation to make the work as efficient as possible for the money.

86) As regards argument (1) i.e. rise in prices we have to take into account the increased supply of literate men with the spread of education. Literacy cannot now claim as greater consideration than knowledge of say a handicraft. The case was different 20 or 30 years ago. As regards arguments (2) & (3) I do not think the increase proposed will have the desired effect. As regards (4) it would be a mistake to consider the actual pay of the persons serving Estabt. as the only expenditure on account of the Estabt. If 15% be added on account of pension charges and say another 15% on account of supervision charges by Municipality & their staff, then there would not be any considerable margin of saving. For the above reasons and in view of the financial situation as regards recurring charges I feel constrained to oppose the proposed addition of Rs. 8100 to the permanent expenditure of the State.

37) In resubmitting the file with the clearly expressed objections of the Financial Secretary I take the liberty of making the following observations :—

(i) The views of the administrative departments regarding arguments 2 and 3 are entitled to great weight.

(ii) As regards argument 1, it may be noted that the existing pay, irrespective of rise in prices, is inherently insufficient for the duties concerned. There is a good deal of competition for the posts nevertheless, since the officials are enabled in most cases to levy unauthorized sums from parties.

(iii) The fourth argument is essentially financial in character; 10 to 30 p.c for pensions of Superintendents charges appears to be too high and even if allowance is made at this rate, there will be saving.

38) The general argument that no recurring expenditure should be added at the present juncture would apply with least force if at all, to a case of this kind. The object of levying process fee is special; the levy is made in a special manner; the revenue is shown separately.

(1) Process receipts are always collected in the form of Stamps and thisoffice has no information about the receipts on this account. So figures for this are taken from Administration Reports.

(2) This column gives actual expenditure under this head as per our books. The figures differ somewhat from those given in Secretariat File (from Administration Report).

(3) Pensionary charges are calculated in this way:-

$$\text{Pension charges of Courts of Law} \times \frac{\text{Expenditure on Process Service Establishment}}{\text{Total charges of Law and Justice, Courts.}}$$

(4) Similarly the proportionate share in getting stamps printed for process service ~~Courts~~ is obtained as follows:-

$$\text{Total expenditure in Stamp Dept.} \times \frac{\text{Receipts from Process service}}{\text{Total receipts from stamps.}}$$

56)

There is no expenditure incurred on account of travelling allowance

4

for process service establishment.

The pensionary charges are even more than 15% of Establishment charges.

There is no data for fixing supervision charges. Excluding this, average savings come to Rs. 9,097 while extra expenditure now sanctioned is 8,100.

The savings stated to amount to over 26,000 is thus reduced to about 9,000 without taking anything for supervision charges.

60 The question of the reorganization of the Process Establishment of Civil Courts was brought to the notice of Government in the Representative Assembly of 1911. The Chief Court who were consulted in the matter consider that the establishment is undoubtedly under-paid, the present rates of pay drawn by the Amins and process servers being what were introduced during the days of the Judicial Commissioner. Considering the nature of their work and the rise in the cost of living, the Chief Court recommend that the pay of the two classes of Amins be raised from Rs.16 and 14 to Rs.18 and 15, respectively, per mensem, and that the pay of the process serving peons be raised from Rs.8 and 7 to Rs.10 and 8. The financial effect of the proposals is an addition of Rs.8,100 to the recurring expenditure of the State.

Paper under disposal

Pages 6-7 of the office notes

61 2. The First Member of Council considers that process fees realised from parties to suits for the express purpose of serving process should not be made an item of general revenue to Government when the interests of efficiency require that the pay of the establishment should be increased and that, within the limits of the revenue realised, Government are bound to view the proposals of the Chief Court with favour.

Page 17 of the office notes

62 3. The subject was considered in Council which is of opinion that the recommendation of the Chief Court may be sanctioned.

Pages 18-19 of the office notes

63 4. The Financial Secretary is unable to agree to the proposals of the Chief Court. His objections are that increase of pay will neither perceptibly place

24

the men above temptation nor secure a better class of men and that, when pension and supervision charges are taken into account, there will be practically no savings in the revenue derived from processes.

64 5. The Chief Court are of opinion that the increased pay will result in increased efficiency of these men and that, with the betterment of the prospects of these ill-paid officials, the temptation to blackmail litigants may, to some extent, be minimised. The assessment of supervision charges at 15 per cent of the cost of establishment, suggested by the Financial Secretary, seems to be too high. Excluding this charge, the savings from the process receipts come to nearly Rs.9,100 or an average. Therefore, even after meeting the extra expenditure proposed, there will be a saving of Rs.1,000 per year for supervision charges.

Para 3 of the Paper under disposal

65 6. The question of improving the prospects of these men has been repeatedly urged in the Representative Assembly and elsewhere and Government have in a way held out hopes that the question will receive favourable consideration.

66 7. I therefore solicit the gracious sanction of His Highness to the recommendation of the Council.

89 Instructions have not been issued to the Treasuries to disburse the pay of the Process Establishment at the revised rate and consequently no charge is likely to be incurred in the current year. The order may, if the Government so choose, be given effect to from 1st July 1914 as there is no provision in the budget for 1913-14 (Vide para 159 Civil Account Code, Volume I). If the order is to be given effect to retrospectively, i.e., from the date of Government Order, necessary provision will have to be made in the budget for 1914-15.

SIR,

I have the honour to forward herewith letter No.2211/149 dated 10th January 1913 addressed to you by the Registrar of the Chief Court in Mysore, together with a Proposition statement received therewith on account of raising the pay of Amins and Process Servers.

2. There are at present two classes of Amins and Process Servers and the pay of the 1st class is proposed to be raised by Rs.2 and that of 2nd class by Re 1/- each. The financial effect of the proposed is an addition of Rs.675 per mensem or Rs.8,100/- per annum to the permanent recurring expenditure of the State.

Dated 8th January 1913.

From,

The Registrar of the

The Secretary to Government,

Thro

The Comptroller in Mysore.

Sir,

With reference to your letter No. 1221/Cts267-11-3 dated the 31st October 1912, asking for detailed proposals on the subject of raising the pay and status of Amins and process servers, I am directed to state that at present there are two classes of Amins on ₹16 and ₹14 a month. The proportion of Amins in the higher grade is one to two in the lower grade. Peons are also of two classes on ₹8 and ₹7 a month, their proportion being one to three.

2 These rates of pay have been in force since the days of the Judicial Commissioner and have not been revised since then.

3 These men have to do arduous work and their pay is not commensurate with it considering that the cost of living has risen considerably within the past few years. A rise of pay will place them above temptation to a certain extent. Further a more desirable class of men will be available for the work. Care can be taken to give promotions only according to good work by prescribing suitable rules.

4 The Chief Court would recommend that the pay of Amins be fixed at ₹18 and ₹15 and that of peons at ₹10 and ₹8, the same proportions being maintained as at present. The extra cost

will

Order thereon - No. 12823-6/ch 267-11-5 dt 30.3.14

The question of the reorganization of the process establishment of Civil Courts was brought to the notice of Govt in the Representative Assembly of 1911. The Chief Courts who were consulted in the matter consider that the establishment is underpaid and taking into account the nature of the work devolving on the establishment and the rise in the cost of living, they recommend that the pay of the two classes of Ameens be raised from Rs 16 and 14 to Rs 18 and 15, rsly, per mensem, and that the pay of the process serving peons be raised from Rs 8 and 7 to Rs 10 and 8 rsly.

Govt are pleased to

S i r,

Adverting to Proceedings of Government No: J. 2823-6/Cts 267-13-5 dated the 30th March 1914 according sanction to the increase of pay to the Amins and Process Peons in the State, the extra cost on that account being met from the savings from process fees, I am directed to state that on a reference received from the Comptroller this Court suggested that the extra cost for the current year may be met from the savings in the Chief Judge's pay. The Comptroller now asks that a re-appropriation statement may be sent. As there is not sufficient time to collect the necessary figures and have a re-appropriation statement prepared for sanction within the current official year, I am to request that Government may be pleased to instruct the Comptroller to meet the cost of the current year from the
